## DESCRIPTION

*Technical details: Length extended : 175cm., Length not extended: 101cm., Width : 42.5cm., Usable width : 41cm., Thickness : 8cm., Weight: 7kg* A stable and reliable dog ramp is a real canine confidence builder, allowing them to get into and out of a car or SUV easily and quickly. This dog ramp is constructed of high-quality aluminium, which is light yet strong enough to support a dog weighing up to 180kg. A telescoping design allows you to extend the ramp up to 175cm to suit different heights of vehicles. When not in use, it can be retracted to only 101cm long ramp for easy storage. The ramp is also an ideal solution for your dogs to safely access other higher areas, like furniture, tables etc. etc Side rails and special anti-slip surface will ensure the unmatched safety for your pet. Rapid and easy manipulation and transportation of the ramp will guarantee a satisfaction with each use.
