FEATURES

Gross Weight:	***8.800 kg***
Height (with packaging):	***6.000 cm***
Length (with packaging):	***76.000 cm***
Width (with packaging):	***77.000 cm***

DESCRIPTION

This ramp will simplify the crossing of obstacles such as: high thresholds, wires, pipes, and other places which prevent the practical movement of people or cargo. The variable height function (from 5 cm to 17 cm) makes any task easier. Manufactured in EU according to EN-131 and CE standards Technical characteristics: Size: 74cm (width) x 74cm (length), Weight 7.7kg, Supplied with 3 sets of extension legs. Maximum load capacity: 300kg, designed to overcome height obstacles (from 5cm to 17cm) . Variable height function. The height is adjustable in increments of 1mm Simple assembly is required. Ideal for getting around comfortably in wheelchairs, scooters, wheelbarrows, etc., etc. Simple and durable anodized aluminum construction that will not rust. Easy to remove if needed. The non-slip surface of the ramp provides safety for the users.
