| Gross Weight: | 24.50 kg |
| Height (with packaging): | 80.00 cm |
| Length (with packaging): | 15.00 cm |
| Width (with packaging): | 108.00 cm |

DESCRIPTION

Product features and dimensions: Length unfolded: 205cm Width: 78cm Weight: 24kg Max loading capacity: 400kg (882lbs) Dimensions when folded : 105cm x 13cm x 78cm Max. recommended working height: 56cm Due to strong industry demand we have created this heavy duty foldable ramp which will answer the needs of many professionals and will take away the everyday burden when loading heavy equipment into and out of the transport vehicles. It is an essential product which will prevent back injuries and speed up the unloading and offloading processes. Will neatly fold away when not in use taking minimal space. The unbeatable 400kg loading capacity will surpass the needs even for the most demanding tasks. High tensile anodized aluminum along with specifically designed ultra non-slip surface, raised side wall feature will ensure safe operation and longevity of the product for many years to come. In addition a stainless steel locking pin will keep the ramps top part (lip) coupled with the support surface of the vehicle. This ramp can also be used in any home applications, where increased loading capacity, higher rigidity or stability is required. Ramp is equipped with comfortable and heavy duty carry handle. Product has been manufactured according to strict CE requirements and has the related certification.
